

Professional Development Classes and Workshops

Would you like to study English or business?

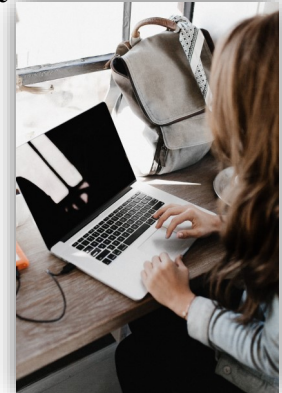

Do you need an alternative to studying in the classroom with other students?

Try Apollo University's online conference classrooms and enjoy studying with other students from the comfort of your own home.

Workshops are available throughout the year and are taught by Apollo professors, distinguished guest lecturers or via our network of outstanding institutions. Workshops are offered in either the online distance education method or in the traditional classroom. Workshop offerings include such varied subjects as:
